

# Poker Basket

...

# Goal

Drive DAU via Feed sends & clicks

# Farm 2 Basket

# Feature

1. There's a Royal Flush you want to collect
2. You can collect the cards required one at a time
3. To get a card, you need to share a Feed post asking for help & get X friends to click on it
4. Each friend that clicks your feed post also gets progress towards their card
5. Once you have enough clicks, you can claim the card
6. Once you collect all the cards, you unlock an exclusive prize

## COLLECT A ROYAL FLUSH

Ask your friends for cards to win great prizes!

# Full User Flow

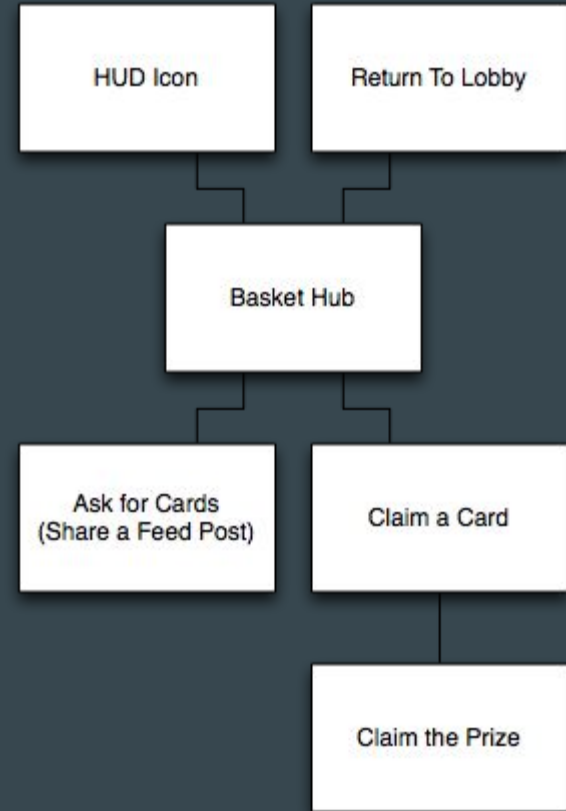

# UI/UX - Sender

- Main HUD UI: Side Nav icon below Lucky Bonus
  - Badgable
- Basket Hub

Close Hub & return to Lobby once Feed Post is shared

Return to Hub once prize is claimed

# UI/UX - Basket Hub

- Viral CTA
  - Cooldown timer on button after posting
  - Replaced with “Claim” button when you satisfy requirements
- Animation when Claiming a card
- Clicks required for remaining cards are hidden
- Silhouette of Prize appended to right side of dialog
- Number of Royal Flush's collected

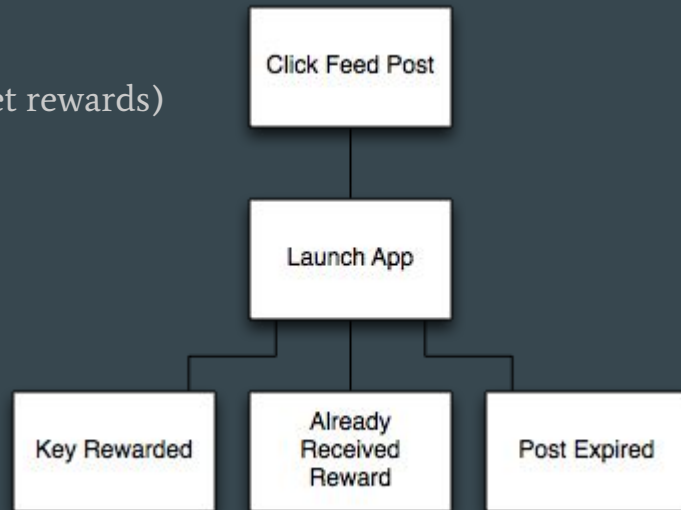

# UI/UX - Feed Post

- Image
- Header
- Body

# UI/UX - Clicker

- Dialog on App Launch that rewards clicker
  - Flows to Basket Hub (to convert clicker into a sender)
  - When the clicker clicks the sender's feed post, both players get progress towards card UNLESS
    - The clicker already clicked that post
    - The post is expired
    - The post has reached it's gift limits (X clickers can get rewards)
    - The clicker clicks their own post
  - Sender & clicker's progress count increases by 1
    - Badge HUD icon

# UI/UX - Clicker Holdout Flow

Use Case: Clicker is in experiment control. They don't see the feature yet, but they click on the Feed post in the News Feed

- Reward Dialog says feature is coming soon
- Player gets their progress

# The Prize

## V1

- Chips for each card collected, exclusive table gift for completing a hand
  - Progressive prize. logarithmic growth of chips earned vs linear growth of virals required
  - Table gift for first 4 hands completed (one for each suit). After give chips only.

## V2

- V1 + Loyalty Points, Gold, Tickets, Experience

## V3

- V2 + rotating table gifts

# Replay Value

P1:

- Hub shows Number of Royal Flush's collected

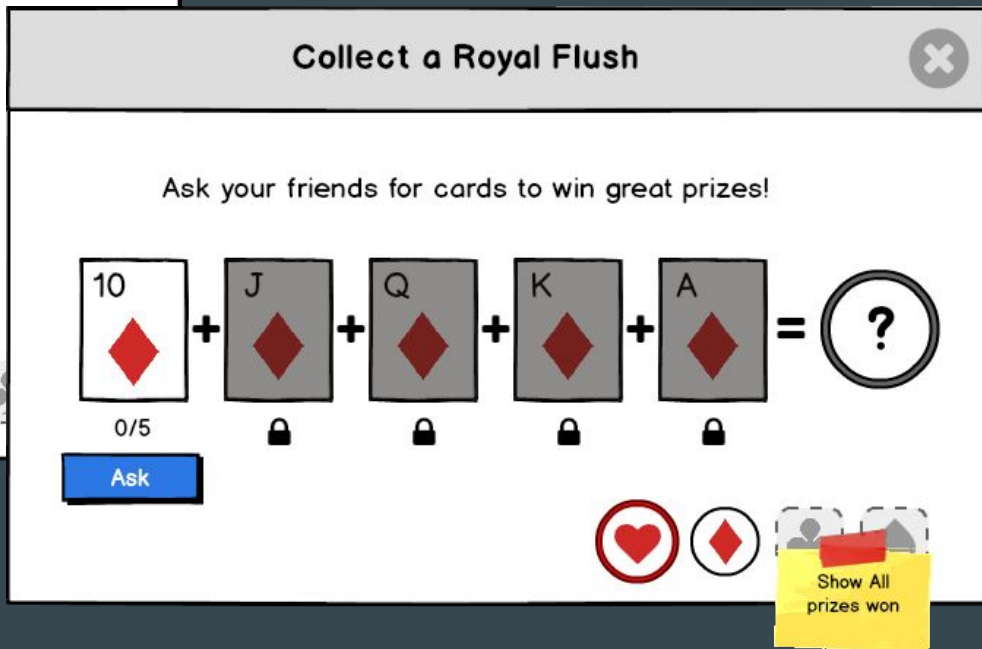

P2:

- After the player collects their first prize, they move on to the next suit
- Hub shows number of Royal Flush's collected/Suits completed
- Requirements to collect cards becomes more difficult with each Prestige
- Exclusive Table gift each time you complete a hand

# Replay Value

Claim Table Gift & start next suit

# Taxonomy

- View Hub
- Share Feed Post
- Click Feed Post
- Claim Card
- Claim Prize
- Current progress status

# EOS Variables

- Clicks required for each card
  - inventoryRequired (Array - 5)
- Additional Clicks required for each suit
  - inventoryRequiredMultiplier (Array - 5)
  - 5th entry repeats once all suits are completed once
- Chips granted for each card unlocked
  - chipReward (Array - 5)
- Additional Chips granted for each suit
  - chipRewardMultiplier (Array - 5)
  - 5th entry repeats once all suits are completed once
- Gold reward for each suit
  - goldReward (Array - 4)
- Enable Feature
  - isEnabled (Boolean)
- Show Gold prize amount
  - goldRewardAmountVisible (Boolean)

# Variants

- Vary the difficulty & chips granted
- Average daily payout based off Lucky Bonus payout
  - By engaging the basket feature for  $n$  days, my daily payout should be  $m$  times Lucky Bonus.
- Both Variants give the same increasing Gold prize
  - Hearts: 40
  - Diamonds: 50
  - Clubs: 60

**Collect a Royal Flush**

Ask your friends for cards to win great prizes!

10	+	J	+	Q	+	K	+	A	=
									
5/5		10/10		25/25		50/50		100/100	
✓		✓		✓		✓			

Claim

Repeat for all 4 Suits  
(Note: numbers not final)

**Collect a Royal Flush**

Ask your friends for cards to win great prizes!

10	+	J	+	Q	+	K	+	A	=
									
5/5		10/10		25/25		50/50		100/100	
✓		✓		✓		✓			

Claim

After Completing spades, players restart with a different coloured deck back, & need more shares for each suit

# Replay Value - Napkin Math

- 6120 clicks to collect all 4 Royal Flush's
- Max 5 clicks received per Feed Post
  - 1224 feed posts
- Expect each engaged player to click 2 feed posts/day
- 612 days (1yr 8mos) to collect all 4 Royal Flush's

## Proposed Click Values:

- Each Card needs 1x, 2x, 5x, 10x, 50x of the suit base value
  - Base Values: 5, 10, 25, 50
    - E.g. Hearts Needs  $5 + 10 + 25 + 50 + 250 = 340$  clicks
  - Total Clicks Needed:  $340 + 680 + 1700 + 3400 = 6120$  clicks to complete all 4 suits

## Claim Cards

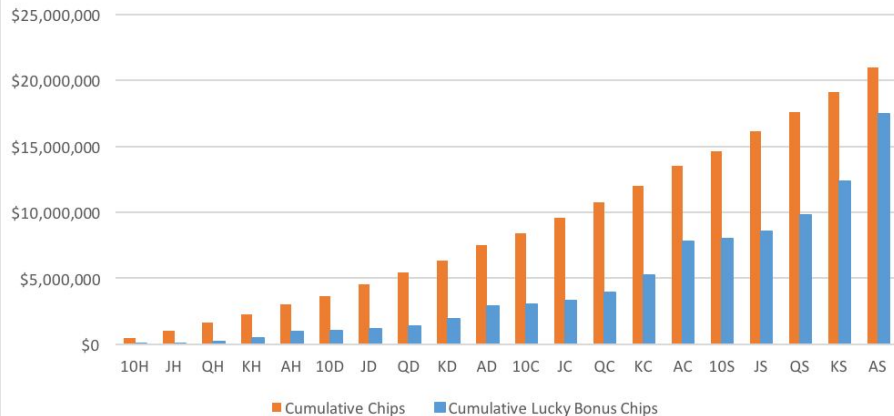

# Lucky Bonus Feed Post

- Currently:
  - Sender receives Lucky Bonus multiplier
  - Clicker receives minor chip drip (500 chips)
- Also give clicker progress towards their card & flow them to the Basket Hub

# Variants

- Vary the difficulty & chips granted
- Average daily payout based off Lucky Bonus payout

Cumulative Chips Earned Over each Card  
Variant 1 - Easy & Low Reward

	Easy	Hard
Low Reward	Few “clicks” needed Low Chip reward (Similar daily payout to Lucky Bonus)	Many “clicks” needed Low Chip reward (Lower payout than Lucky Bonus)
High Reward	Few “clicks” needed High Chip reward (Better daily payout than Lucky Bonus)	Many “clicks” needed High Chip reward (Similar daily payout to Lucky Bonus)

Reading this graph:

For each Card in the feature, compare chips earned to the expected Lucky Bonus chips earned in the time it takes to unlock each Card.
